

One of the best things about San Diego is our neighborhoods, the places we live, work and relax. Making our neighborhoods safer and better places to live is one of my top priorities.

The job of the Public Safety & Neighborhood Services (PS&NS) Committee which I chair is to help oversee:

- Police
- Fire
- Paramedics
- Neighborhood Parks and Recreation Programs
- Youth Services
- Senior Services
- Neighborhood Revitalization
- Business Improvement Districts
- Minority Business Enterprise/Women Business Enterprise
- Community Development Block Grants
- Code Enforcement
- Litter Control
- Graffiti Abatement
- Parking Regulations and Enforcement

The PS&NS Committee meets once a month to hear from City staff and other interested parties and to discuss issues related to these topics. These meetings are open to the public. Your input and participation are welcome and needed.

For further information, or to share your ideas for improving San Diego's safety and neighborhood services, please contact me or my committee consultant, John Rivera, at (619) 236-6655.
